A Case of Supposition. A Texan who was returning home after the batcompanions, had his horse stolen by the Indians, and was obliged to take it a foot. Walking along leion, without knowing what day of the week it was, gardless of our comfort. he suddenly came to a small stream on the confines of Texas, not knowing that he had as yet reached the border of his native State. Perceiving the stream abounded in fish, he took a hook and line from his pocket, and procuring some worms for bait, he sat down patiently on the bank, wrapped in a brown and by aid of a firman, purchased at a high price study, thinking of his little farm at home, when a from the Government, I have visited with a small parpreacher who was on a circuit rode suddenly up ty of French and English, this far-famed palace.and thus occosted him :

To Masters and Consignees of Vessels arriving at the Part of Wilmington, North Carolina:

CAUTION.—This is to apprise all persons interested in the shipping interest of this port, that the subscriber is Harbor Master for the Port of Wilmington, No. Ca., and the fees pertaining to said office are collectable only by himself. Any demand made by others should be regarded as illegal and assumptive; and against any, so acting, the law shall be exerted to its fullest extent. JNO. S. JAMES, Harbor Master. The singularity of the above advertisement, in an old and well

regulated sea port like Wilmington, necessarily requires some explanation; and in justice to myself and the community, I give it. I was elected Harbor Master for the Port of Wilmington, in the year 1848; - the Commissioners of Navigation (to whom the appointing power belongs) are elected every year by the people; during the meeting of the Legislature, in the winter of '49-'49, the law was so altered as to make the day of election of said Commissioners come on the first Monday of May, instead of the first day, for the purpose of avoiding the consequence of its coming, at some time, on the Sabbath. From negligence or inadvertency, the new law had escaped the observation of the people, and the old day, the first of May, was the day on which the election was holden, instead of the first Monday, as the law requires .- There was some excitement and much industry displayed on the said day of election, which resulted in the success of the ticket which follows, viz :- B. FLANNER, D. MCMILLAN, JNO. A. TAYLOR, EDWARD KIDDER, and O. G. PARSLEY, who at once assumed the consequence and importance which should belong to a body so respectable; but, alas, for the glory of their new dignity, in an evil moment, (although they had months to consider the matter,) they took it into their wise heads to turn out the incumbent and put another man in, whose circumstances and business were such that he did not require the salary, nor could he attend to the duties of the office. I will here take occasion to say, that, although the appointing power rests with the Commissioners of Navigation for their officers, yet there is no time prescribed, by law, for such appointments, the natural inference is, that the election is good during good behavioror an impeachment. For the establishment of these facts, precedents are numerous, and within the memory of many of our citizens. At this time, it is notorious in our community, that there are no legal Commissioners of Navigation.

Of all the cures that have ever been recorded, we may safely

say the annals of Medicine cannot furnish one to surpass this, which now stands as a living proof of the curability of Consumption, even when life had been despaired of.

Dr. Swayne—Dear Sir: For the good of the public, I feel myself in duty bound to testify to the great cure which your Compound Syrup of Wild Cherry performed on me. For my part, I feel as if every body ought to know it. I was afflicted with a violent cough, spitting of blood, night sweats, hoarseness, and sound of the voice indicating an atarming state of disease; my appetite was gone, and my strength had so far failed me, that my friends and physician were persuaded I could not survive many days. My sister, who was my anxious caretaker, made inquiry where she would be likely to procure most certain relief. She was told that if Dr. Swityne's Compound Syrup of Wild Cherry failed in the cure, my life was hopeless. Your medicine was immediately procured, and the first bottle gave relief, and by the time I had commenced the sixth bottle, my cough left me, and my strength much improved.
